Bretton Woods Recreation Center, Inc. was established for the international community in 1968. It was founded as a non-discriminatory haven for international families to escape the city and enjoy a stress-free environment. Bretton Woods has since opened its membership to many international organizations and embassies.

Located next to the C&O Canal and the Potomac River, the Center's spectacular natural setting is ideal for relaxation. Our pavilion area can be used for outdoor picnics or gatherings. The Center's Clubhouse boasts two dining rooms with scenic views of the golf course, a banquet room for special events and space for corporate meetings and events.
